

Professional Provider Fee Schedule

Effective Dates of Service 1/1/2011 thru 6/30/2011

The procedure codes and fee schedule amounts in this document do not necessarily indicate coverage or payment. All coverage and payments are subject to Offender Health Plan Coverage, exclusions, limitations, and pre-authorization requirements. For detailed billing and coverage information, refer to the Department of Corrections (DOC) *Billing Instructions for Offsite Professional Providers, Facilities and Hospitals* and the *Offender Health Plan*.

Fees in this publication are subject to change without notice. Although we make every effort to ensure the accuracy of the fees in our publications, changes or corrections may occur throughout the year.

Visit the DOC web site at www.doc.wa.gov/business/healthcareproviders to download the latest versions of this fee schedule, and all other DOC publications mentioned in this document.

Policy and Pricing Information

General Information

The Department of Corrections (DOC) *Professional Provider Fee Schedule* contains the maximum allowances for professional services. The maximum allowances in this document do not reflect the payment differentials that apply to certain provider types. Refer to your provider contract for details of the specific differentials.

DOC's primary fee schedule updates will occur annually in July. The July fee schedule will include updates to the Resource Based Relative Value Scale (RBRVS) relative value units (RVUs), and statewide Geographic Practice Cost Indices (GPCIs). It will also include fee updates for codes not priced by the RBRVS method.

The DOC RVU schedule uses Current Procedural Terminology (CPT[®]) and Healthcare Common Procedure Coding System (HCPCS[®]) codes. Code descriptions are not included in the DOC RVU schedule due to the AMA copyright on the CPT[®] code descriptions. For billing purposes, use the most current CPT[®] and HCPCS level II coding references, which include complete code descriptions.

RBRVS Pricing

The majority of the DOC fee schedule is based on the RBRVS reimbursement methodology. The RBRVS maximum allowances are calculated by multiplying DOC's conversion factor by geographically adjusted relative value units (RVUs).

Please refer to your contract with DOC for your conversion factor.

The RVUs for most services are based on the Centers for Medicare & Medicaid Services (CMS) 2010 relative value units (RVUs). The CMS 2010 RVUs are available on the CMS Web site at www.cms.hhs.gov.

The RVUs are geographically adjusted using the 2010 statewide Geographic Practice Cost Indices (GPCIs). The statewide GPCIs are a blend of the 2010 CMS Seattle/King County GPCIs and the 2010 CMS Rest of Washington GPCIs.

RVU Component	Statewide GPCI
Work	0.995
Practice Expense	1.007
Malpractice	0.697

The GPCI'd RVU totals are calculated by the following formula:

GPCI'd RVU =

(work RVU x work GPCI)
+ (practice expense RVU x practice expense GPCI)
+ (malpractice RVU x malpractice GPCI)

****Note that the result is rounded to 2 decimal places.**

The RBRVS maximum allowances are determined by the following formula:

DOC Maximum Allowable Fee =

DOC RBRVS conversion factor x GPCI'd RVUs

Site of Service Payment Differential

For many procedure codes, DOC professional provider reimbursement differs based on where the procedure is performed. This site of service payment differential for professional claims is based on the CMS dual practice expense RVUs and accompanying policy.

Higher reimbursement is made for services provided in “nonfacility” sites of service, such as a physician office. Services provided in “facility” sites of service, such as hospital or ambulatory surgery center, receive a lower professional reimbursement because additional separate reimbursement is made to the facility.

The applicable CMS 2-digit place of service code must be included on all professional claims submitted to DOC for payment consideration. The codes are included in the DOC Billing Manual, available at www.doc.wa.gov/Business/HealthCareProviders.

Following Medicare's consolidated billing requirements, DOC does not make a separate payment to the performing provider for therapies (such as physical therapy, occupational therapy, and speech therapy) provided in hospitals or skilled nursing facilities. In these settings, the facilities must submit a consolidated bill for the therapies provided. Since a single payment is issued to the facility only, DOC reimbursement for the therapies to the facilities is based on the non-facility setting maximum allowable fees.

Global Day Periods

The global day periods associated with the global surgery rules payment policy addressed in the billing manual are included on the fee schedule. The global day periods include: 90-day postoperative periods for major

- 90-day procedures
- 10-day postoperative periods for minor surgeries and endoscopies
- 45-day postoperative periods for maternity procedures
- XXX for procedures where the global concept does not apply
- ZZZ for procedures where the global period is included in the global period of another procedure

CPT® Category II Procedure Codes

CPT® Category II Codes (codes ending with the letter “F”) are tracking codes intended for performance measurement. Use of these codes is optional and is not required for correct coding although the Category II codes will be accepted and processed, these codes are not eligible for payment by DOC.

Visit www.ama-assn.org for the most current list of CPT® Category II codes.
